

2013 Victorian Catholic Education Multi Enterprise Agreement

Implementation Guide for Schools

Part 3C: Salary and Allowances 2017 School Year

1. Overview

This Guide provides detailed salary information for the 2017 school year in relation to school staff covered by the *Victorian Catholic Education Multi Enterprise Agreement 2013* (VCEMEA).

In August 2016 the Catholic Education Commission of Victoria Limited (CECV) and the Independent Education Union Victoria Tasmania (IEU) commenced negotiations for a new agreement to replace the VCEMEA.

Although the VCEMEA has a nominal expiry date of 31 October 2016, it will continue to operate until a new agreement takes its place.

Until further notice, schools should use the salaries and allowances as detailed in the VCEMEA and this Implementation Guide.

It is important that salary tracker tables are used to ensure that the correct classification and salaries are implemented for all staff covered by the VCEMEA during the 2017 school year. The use of the tables in this Guide will also minimise instances of both under and overpayment of employees covered by the VCEMEA. The salary trackers are designed to be followed horizontally.

If an employee has completed 6 months or more of service in an incremental cycle, the 'increment 1 May 2017' should be implemented. The 'No increment 1 May 2017' column should be used for employees with less than 6 months of service in an incremental cycle except for fixed term employees. Specific tables have been created for fixed term employees.

In addition, information is also provided in relation to applicable allowances during the 2017 school year.

2. Teacher salary rates 2017

There are no changes to the classification structure for teachers or salary increases. Incremental progression will apply on 1 May 2017 for eligible teachers.

2.1 Salary assessment teachers

For teachers who are appointed at the start of the school year and teachers appointed on fixed term contracts, a salary assessment must be undertaken to determine their salary on appointment via the *CECV Salary Assessment Calculator*.

Information on Salary Assessments are available from the CECV website:

- [Salary Assessment Calculator](#)
- Salary Assessment [Information for Teachers](#)
- [Application](#) for Salary Assessment
- Salary Assessment Calculator [Help Document](#)
- Salary Assessment [Guidelines](#)

In general teachers who were employed on a fixed term basis in the 2016 school year and who are re-appointed for the 2017 school year will increment to the next salary level (provided that the teacher has 6 months of experience between 1 May 2016 and 30 April 2017) at the commencement of the new fixed term contract.

2.2 On-going and fixed term teachers

The applicable salary rates for the 2017 school year are set out in the following table.

Table 2.2 – 2017 Salary tracker teachers – 2017 school year (as at September 2016)

2.3 Emergency teacher rates of pay (clause 57.2 of the VCMEA)

The rate of pay for emergency teachers that should apply for the 2017 school year is as follows:

Hourly Rate	Maximum Daily rate
\$48.88	\$293.30

Emergency Teachers are entitled to:

- (i) be paid for three hours of work for the first three hours of work or part thereof (this payment should be made in circumstances where the emergency teacher is employed for less than three hours), and at the hourly rate for each subsequent hour or part thereof to a maximum of the daily rate.
- (ii) superannuation contributions for each engagement.

There are no changes to the emergency teacher rates during the 2017 school year.

2.4 Graduate teacher payment (clause 51 of the VCEMEA)

A graduate teacher who commences employment at subdivision T 1 – 1 prior to 1 May 2016 shall be paid a lump sum on progression to subdivision T 1 – 2 in May 2017. This payment only applies to **on-going teachers**. The lump sum payment is based on their commencement date as set out in the table below:

Commencement of employment	Lump Sum Payment
Between 2 November 2015 and 1 December 2015	\$974
Between 2 December 2015 and 1 January 2016	\$799
Between 2 January 2016 and 1 February 2016	\$584
Between 2 February 2016 and 1 March 2016	\$390
Between 2 March 2016 and 30 April 2016	\$195

The lump sum payment should be made in the first full pay period on or after 1 May 2017.

Note: Clause 51 of the VCEMEA contains an error in relation to the lump sum payment to be paid to Graduate Teachers upon incremental progression on 1 May. Schools are advised to use the table above for correct lump sum payment rates.

POL 4	\$10,481

3.2 POL pool (clause 58.2 of the VCEMEA)

For the 2017 school year the minimum POL pool will continue to be calculated based on student numbers as follows:

School / Enrolment	Amount per student
Primary – greater than 150	\$81
Primary – less than 150	\$113

Table 4.2 – 2017 Salary Tracker – Deputy Principals (Category B) (as at September 2016)

4.3 Deputy principal (category B) allowances

In a primary school where the deputy principal (Category B) has not reached the top of the incremental salary scale for teachers, an allowance is paid until the deputy principal reaches the top of the incremental scale for teachers.

The allowance is the difference between the applicable deputy principal (Category B) salary and the T2-5 teacher rate. The allowance has been adjusted to reflect the increases to both deputy principal (Category B) and the T2-5 teacher rates of pay.

The table 4.3 contains the allowance rates for 2017.

6. Education support employees

6.1 On-going education support employees (employed at the end of the 2016 school year)

Table 6.1 details the salary of education support employees who were **on-going employees at the end of the 2016 school year** and continue to be employed in Catholic Education in 2017 without a break of service.

6.2 New education support employees

Table 6.2 details the salary of education support employees who are employed on a fixed term basis or an on-going basis **at the start of the 2017 school year** and do not have continuous service from the end of the 2016 school year.

The commencement salary of education support employees is determined by the employee's years of experience. The applicable clause of the VCEMEA is clause 40.

6.3 Appointments to education support Level 3 (clause 41.2 of the VCEMEA)

New appointments to education support Level 3 shall commence at or above ES3-6.

6.4 Fixed term education support employees 2017 (employed at end of 2016 school year without a break of service)

Table 6.3 lists the salary movement of education support employees who were employed at the end of the 2016 school year on a fixed term basis and are re-employed without a break in service in Catholic education in the 2017 school year and have had at least 6 months of experience between 1 May 2016 and their re-engagement. If the employee does not have at least 6 months of approved experience then the employee should recommence at the salary level that applied at the end of the 2016 school year.

6.5 Reclassification of education support employees

Where an education support employee is re-classified to a new level then the employee's salary on re-classification will normally be the entry level of the new classification level.

It should be noted that where reclassification occurs into Level 3, the commencement salary must be a ES3-6.

If the employee's salary immediately prior to re-classification is greater than the minimum level of the new classification then the employee's salary should be at the next highest salary point in the new classification.
